Attachment Number 4

Inspector General's Recommendation Number 4, Page 17

Recommended DCI Action: Approve

Inspector General's Statement

Recommended that:

The Chief, WE Division, require as a general policy that case officers on lateral transfer from other DDP components serve a tour of duty on the appropriate desk at Headquarters prior to assuming assignment overseas.

DD/P Comment

Concur.

This is as a general policy the procedure which the WE Division strives to achieve, except in cases where the operational considerations require a more rapid transfer with less than a full tour at the Headquarters desk prior to arrival at field station.
